DETAILED ACTION

Remark

1. Claims 1-35 and 41-44 have been cancelled; and new claims 45-73 have been added.
Pending claims 36-40 and 45-73 are for reconsideration.

Allowable Subject Matter

2. Claims 36-40 and 45-73 have been allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record to Lobodzinski fails to teach or suggest a system and corresponding methods of transmitting a video stream of images over a network from a first location to a second location, wherein a plurality of images being transferred from an original video format to a first digitally compressed format; then the first digitally compressed video format being stored and saved on a receiving device as a second saved stream of video images, the video stream is marked and a request is being performed for an enhanced version of the requested section, and particularly, wherein the user at second location views a low quality version of the stream of video images while they are being transmitted, a portion of the displayed video is marked, the marked position is retransmitted and displayed in higher quality, and the user views the retransmitted portion in higher quality while transmission of the low quality streams of video images continues as cited in claim 36, and similarly in claims 51, 65 and 66.
